CAREER OBJECTIVE

I'm interested in programming and web development and have worked on several academic and personal projects where I built real features and solved technical problems. I want to keep growing my skills and contribute to building reliable and efficient software for your company. My goal is to improve every day, learn new technologies, and become a developer who brings value to the team and to the projects delivered.

PERSONAL INFORMATION

Education

2024 – Until Now: A fourth-year Student (Junior Student) at SETEC Institute pursuing a Bachelor's Degree in the field of Management Information Systems (MIS).

Major Subjects: Programming, Web Development, Database, Software Development.

2017 – 2023: I studied at Hun Sen Tepnimith High School learning the general education program.

Online Course

2023 – 2024: Basic Web Development and Programming through self-learning and practical projects.

Major subjects: HTML, CSS, JavaScript, TypeScript, Angular, Node.js, Express.js, C#, and Database.

Work Experience

Although I don't have formal work experience yet, I have worked on team projects at my institute where I built real features, solved technical problems, worked with databases and APIs, and learned how to work well with others.

SKILL

Web Development

Frontend: HTML, CSS, JavaScript, TypeScript, Bootstrap, Angular, ReactJs

Backend: Node.js, Express.js, ASP.NET, C#, C++

Database: MySQL, MongoDB, PostgreSQL

API: REST API, HTTP, JSON

Design

UX/UI: Figma (basic), Canva

AI

AI tools to speed up development, debug code, understand technical concepts, and learn new technologies faster.

HOBBIES

Researching, listening to music, learning new things, working out, and planning.

LANGUAGE

- **Khmer:** Mother tongue
- **English:** Intermediate
